

Vikki's Skin Success

When Vikki Champion visited Andresa Aesthetics in January this year to talk about her current skin concerns, we were more than happy to help. After a thorough skin analysis, we recommended a course of skin rejuvenation treatments which, along with some of our prescribed products, would be beneficial and effective in vastly improving Vikki's skin.

Ageing, fine lines and general environmental damage had all played a part in the condition of Vikki's skin, and it was now in need of some intense rejuvenation. Vikki has been a loyal client with Andresa Aesthetics over the years and had already (in 2012) undergone some IPL rejuvenating sessions to her face and hands, which she had been delighted with. However, this time, we decided that she needed a more intense program to ensure optimum results.

Vikki underwent a course of Intense Pulsed Light (IPL) on her arms, shoulders, décolletage and face, alongside Laser Lift and Near Infra-Red (NIR) face and neck treatments. IPL is a light-based treatment that helps to rejuvenate the skin and reduce sun damage, whilst Laser Lift and NIR stimulate collagen, tightening and lifting the skin. Supportive skincare products from the BABOR and DMK range were incorporated into Vikki's daily skincare routine, to further enhance the results of the treatments. The photographs show the difference after just four treatments within two months, and Vikki's skin will continue to improve over a further six-month period.

What Vikki had to say after her treatments.

"I feel great after having my treatments. My skin looked like it had been mildly sunburnt immediately after having IPL, but that disappeared in less than an hour and the healing started soon after. The Laser Lift and NIR treatments had a radical effect on lifting and improving the quality of the skin on my face, and I was really happy with the reduction in my fine lines and wrinkles.

I couldn't believe how the program of treatments had a cumulative effect and the drooping jowls and crêpey neck were dramatically reduced. I highly recommend a visit to Andresa Aesthetics if you have any skin concerns. My skin is glowing, refined, and vibrant. The program has made me look and feel ten years younger, which has improved my confidence. Everyone says I look amazing! I have a spring in my step and I feel fantastic, too."

If you would like to book a consultation to discuss your skin and how we can help to improve it, call us on 01635 800183.

We look forward to seeing you all soon.
